AREAS OF USE

SUNWASH A3 UV WM has been developed as a UV wash for presses running Nitrile rollers. It can also be used as a high solvency wash for conventional inks. It is not suitable for EPDM rollers.

DIRECTIONS FOR USE

Automatic Washing

Fill the system with SUNWASH A3 UV WM, DO NOT dilute with water. Follow the manufacturer's instructions.

Manual Washing - Blankets

Apply SUNWASH A3 UV WM with a moist cleaning cloth and remove, in one go, inks gum and paper dust. Then rub with a moist cloth until the blanket is clean and dry.

Manual Washing – Rollers

Spray SUNWASH A3 UV WM undiluted or mixed with water onto the rollers. Allow the ink to dissolve. Set the doctor blade and clean with more wash or wash / water. Rinse with water.
