Webril Pads and Wipes

Webril nonwoven material is a unique, high quality fabric made specifically for the Graphic Arts Industry. Our exclusive felting process produces 100% pure cotton products. Versatile Webril pads and wipes have been the industry standard for years.

Webril Handi-Pads: These 4 x 4 pads are a favorite in the industry. Perfect for small press and plate making operations.

Webril Litho Pads: These 4 x 8 pads on a perforated roll provide a smaller alternative to Webril Wipes. Convenient dispenser box allows for dust resistant storage.

Webril Wipes: These larger 8 x 8 wipes on perforated roll are just right for bigger jobs. The handy wall dispenser makes these popular wipes convenient without taking up scarce shelf or table space.

THE PRODUCTIVITY EXPERTS.

Why Webril Pads and Wipes are GOOD FOR YOUR SHOP:

- **Multi-purpose**—A pad or wipe for every job application.
- **Convenient Storage**—Box dispensers save space, keep pads and wipes within arms reach, and help resist dust.
- **No chemicals or binders**—Will not react or contaminate developing solutions or chemicals.
- **Strong and Absorbent**—Soft, 100% pure cotton fibers will not come apart even when soaked in water or solvents.
- **Gentle on Equipment**—Non-scratch material is safe for even the most delicate coatings and surfaces.

YOU PUT THE PRO IN PRODUCTIVE!

As the productivity experts, our goal is to help the PRO maximize productivity. We are here to serve and help you – The PRO.

Fiberweb provides you with top quality, high-performance professional products for all areas of your printing company - prepress, pressroom, sheet-fed and web - all to help increase your productivity.

Our goal is simple; provide the PRO with partnership and productive products!

Learn how to maximize your productivity, visit fiberwebgraphics.com to see our complete line of graphic arts products and realize how our products and partnership can help you become more productive.
